

# PMP Bootcamp

## Why Attend this PMP Boot Camp?

- **Enhanced Job Readiness:** Equip yourself with the skills employers are looking for.
- **Acquire New Skills:** Learn the essentials of project management.
- **Expand Career Opportunities:** Open new doors for young adults and professionals.
- **Increase Earning Potential:** Boost your career and your paycheck.

## What is Project Management?

Project Management is a collective strategy for project implementation that includes five performance domains, initiating, planning, executing, monitoring and controlling closing a project, which will be covered in this weekend session. Companies and organizations around the world employ Project Management Professionals (PMP)'s to improve success of their initiatives in all aspects.

## About the Instructor, Dr. Khaled Falah

Dr. Falah served as CIO for multiple agencies at the DC government, an associate Professor at Campbellsville University, and adjunct Professor at George Washington University. Dr. Falah graduated with a degree in Electrical and Computer Engineering from Southern Illinois University, earned a Master of Science in Management of Information Systems from the University of Maryland, and completed his PhD in Management and Leadership from Campbellsville University.

Dr. Falah is a Federally Certified Chief Information Officer from the CIO University and a Federally Certified Enterprise Architect from the Federal Enterprise Architect Council. He also holds a Certified Project Management Professional designation from the Project Management Institute.
